***THE COMPLIANCED LOAD RATING ABOVE INCLUDES TARE WEIGHT OF THE TESTED STORAGE SYSTEM.**
Actual load rating for cargo in and on drawer systems are: ECOLITE 150kg, PREMIUM ALLOY 150kg, PREMIUM STEEL 250kg

Drawer System Cargo Load Capacity

• Premium Alloy 150kgs • Premium steel 250kgs

***NOTE: The complied load rating as tested on our ADR Certificate INCLUDES the Tare Weight of the tested storage system.**

ADR Testing Explained

Our ADR compliant products have been tested to perform in real life crash tests.

Our products have been tested at Safety Engineering in Adelaide with head Automotive Engineer Grad Zivkovic for nearly two decades.

They have passed the Tests in compliance to the Australian Design Rules (ADR) for those products and they will perform to their rated capacities. Our products may cost a bit more but that is a small price to pay for the assurance you and your family will be safe.

Hayden, Tash and Karen Oliver
Directors, RV storage Solutions

"The Oliver Family has a reputation for tough, reliable and innovative storage solutions" - **Ron & Viv Moon**

WHICH DRAWERS ARE BEST FOR ME?

COMPARISON - choosing the right system

We manufacture two types of premium drawer systems:

LIGHT WEIGHT - Premium Alloy

HEAVY DUTY TOUGH - Premium Steel

Whatever you're doing or wherever you're going, RV has a storage solution for you.

Here's the facts...

• RV Storage Solutions Premium Alloy

200 Series Land Cruiser Alloy twin drawer system	49kg
plus an Inbuilt Fridge Slide to suit a 60 litre fridge	6kg
TOTAL WEIGHT ONLY	55kg

*Lifetime Warranty on RV PREMIUM drawers...

when used for Private and Recreational purposes and fitted by an authorised RV Dealer.

More facts...

• RV Storage Solutions Premium Steel

200 Series Land Cruiser Premium Steel	85kg
twin drawer system weighs in at	
plus an Inbuilt Fridge Slide to suit a 60 litre fridge	12kg
TOTAL WEIGHT ONLY	97KG

NOTE: Weight comparisons above are done using a 200 Series Land Cruiser twin drawer system as an example. These weight differences are comparative across our entire range of models, prorate.

FEATURES:

Dimpled side panels on drawer frames add strength and a flush fit.

Unique RV Twin Race bearings and stainless steel runners keep your drawers rolling smoothly.

Auto lock-out latch on Premium Drawers keep open drawers from rolling back in on an incline.

Stainless Steel slam latches or Black powder coated slam latches with new toughened redesigned barrel lock.

Quick release ring-pull latches allow our premium drawers to be removed from the system with ease.

PREMIUM DRAWERS

ABOVE: Toyota 300 Series fitted with Premium Alloy Twin Drawers.

Twin Drawer Systems

Lifetime Warranty when fitted by an authorised RV Dealer.

The twin drawer system actually creates more room as it covers up the wheel arches leaving a large flat floor area, ideal for when you're at home doing normal activities such as shopping, going to the hardware store, or buying bulky items.

With the addition of a cargo barrier and or a top shelf combo, your options increase and a higher level of safe loading is now possible.

With our interchangeable wing kits you can take your drawers with you when you change cars.

Now that's value for money!!

RV Premium drawers feature our unique spring loaded Lock Out Lever for safe operation and release.

**ADR Complied

Premium Black Systems

New Look, The Same Great Product!

Premium Black features new exclusive badging on the black slam latches and tough double baked ripple finish powder coating on the alloy trim giving you a very sleek DARK custom looking Premium Steel or Premium Alloy Drawer System.

RRP +\$180.00

RIGHT: Toyota 200 Series fitted with Premium Alloy Easy Access Combo-2, Fridge Slide-1 and Cargo Shelf finished in Premium Black.

Fridge Drawer Combo

The Fridge Drawer Combo is a classic WEEKENDER drawer system.

It comprises of one standard height RV (300mm) drawer next to a provision for an Engel or Dometic fridge drawer, or one trade height (365mm) RV drawer next to a provision for an Evakool or Ironman fridge drawer.

It's been designed with vented side and rear panels to allow airflow for effective and uninterrupted fridge motor ventilation.

This combo is ideal for weekends away, the beach, bush picnics, and even the local footy matches.

The best part is that the entire top of the drawer system is flat and free for the rest of your gear.

The Fridge Drawer Combo is compact, light and comes with a twin wing kit plus all of the RV PREMIUM FEATURES!!

**INCLUDES CHOICE
OF FIT KITS:
DOMETIC CD30DC
ENGEL SB30F
EVAKOOL DC40
IRONMAN 40DR**

NOTE: Fridge Drawer NOT included but can be added to your order upon request for the manufacturer's RRP for that drawer.

ABOVE: The 40Ltr Evakool Fridge Drawer Combo in the back of a Nissan Y62 Patrol.

Fridge Drawer Stacker

RV's new Fridge Drawer Stacker combines a popular Engel or Dometic 30Ltr fridge drawer alongside a premium standard height RV drawer, mounted on top of twin Slimline Pantry Drawers. To top it all off we have included two half-drawer lids per Pantry Drawer, allowing plenty of chopping space whilst keeping access available to the inside of the drawers as needed.

This system is currently available in two sizes for three vehicles, 950mm long x 1020mm wide x 480mm high to suit a **Y62 Patrol** or a **300 Series Landcruiser**, or an 850mm long x 970mm wide x 480mm high version to suit the **Toyota Prado 150**.

Steel 30Ltr Engel Fridge Drawer Stacker

RRP \$4417.00 (without fridge)

RRP \$5406.00 (inc. Engel fridge)

Steel 30Ltr Dometic Fridge Drawer Stacker

RRP \$4417.00 (without fridge)

RRP \$5452.00 (inc. Dometic fridge)

ABOVE: The 30Ltr Engel Fridge Drawer Stacker in the back of a Landcruiser 300 Series. **NOTE:** Redarc RedVision Display not included.

PREMIUM DRAWERS

Easy Access Combo 1 (EAC-1)

The Easy Access Combo 1 (EAC-1) is a single drawer with space beside for a low mounted fridge slide in the size you need for the fridge you have.

This combo is particularly useful when you have a large fridge such as a 60 litre or larger and you simply must put it on the floor for it to fit in your vehicle. It is also a safe way to get the fridge down to a manageable height, while improving the centre of gravity in your vehicle.

A big drop slide will do the same thing when placed on top of a twin drawer system, for example, but at the expense of most of the room in your car.

ABOVE: This EASY ACCESS COMBO 1 (EAC-1) 1400 features a single Trade Height (H365mm) drawer which maximises storage space, while the 1400mm long fridge slide (RV-FS-3.5) offers full access to the big Waeco CFX fridge, battery pack and jerry cans behind. No wasted space here!

Easy Access Combo 2 (EAC-2)

The Easy Access Combo 2 (EAC-2) is a double stack drawer system with space for a low mounted fridge slide in the size you need for the fridge you have.

Adding the extra drawer gives you more storage and the fridge remains down low. There are many models of Easy Access Combo drawer systems available using your choice of Standard Height (H275mm) or Trade Height (H365mm) drawers.

WAGONS*

EAC-2 systems for wagons commonly comprise a combination of a Standard Height and a Trade Height drawer, which allows the fitting of a Cargo Shelf-2 over the fridge and drawers. This combo is pictured left.

UTES

For utes the bottom drawer can be either standard or trade height with the latter the most popular. Top drawers may be either standard or trade height also. Again, to fit our Cargo Shelf you need a standard and trade height drawer combo.

***Wagons refer to our 'Price List' for full model details.**

LEFT: RV's Premium Easy Access Combo-2 drawer system with our Cargo Shelf-2 is an ideal travelling setup. Shown is a Standard height bottom drawer with Trade height top drawer, fitted to a 200 Series Landcruiser. Available in both Premium Steel and Premium Alloy.

*** Call us or see our website: www.rvss.com.au for full details, including sizes, in our downloadable Price List.**

Tourer-1

The ULTIMATE setup that has it all!

85 litres of upright fridge freezer, plenty of drawer storage space and a cargo shelf for your tables and chairs or your sat dish and solar panel!!

The Tourer-1 unit is extravagant and the top end of town. Included in the drawer system is a 275mm Standard Height lower drawer, a 365mm Trade Height middle drawer, a Custom Slimline top drawer, a Double Cargo Shelf, a Drawer Lid, an Extension Table, a twin wing kit and an 85L Bushman Upright Fridge.

Premium Alloy

RRP \$6130.00

inc. Bushman fridge 85Lt

Premium Steel

RRP \$5830.00

inc. Bushman fridge 85Lt

ABOVE: Nissan Y61 Patrol fitted with Tourer-1 Combo.

Cargo Shelf

Simple, Sleek, Stylish and Practical

SINGLE (right) and DOUBLE (above)

The Cargo Shelf is designed with ventilated side panels to allow cargo to be stacked around your fridge without interfering with fridge operation or motor ventilation.

Manufactured in Australia from 2.5mm aluminium they are finished with a tough onyx pearl ripple finish powder coat to match our fridge slides.

The Cargo Shelf is ideal for storing gear like solar panels, fold up chairs and tables, sat dishes, keeping them up and out of the way, but easily accessible.

Cargo Shelf-1

RRP \$520.00

Suits an Easy Access 1 drawer system for wagons.

Cargo Shelf-2

RRP \$567.00

Suits an Easy Access 2 drawer system for wagons.

Cargo Shelf-1400

RRP \$803.00

Suits an Easy Access 1 ute drawer system.

Tailgate Table

RRP \$295.00

(Includes fitting kit with all the hardware to install). Requires some drilling.

Available to suit: Toyota 100/200 Landcruiser, Ford PX Ranger, Mazda BT50, Holden RG Colorado, Isuzu D-Max

ABOVE: Here's the Cargo Shelf 1400 fitted to an RV PREMIUM Alloy EAC-1 drawer system in a Holden RG Colorado dual cab.

Also shown above is **RV's Tailgate Table**. This alloy plate is easy to fit and is finished with tough grey ripple powder coat. It provides an instant flat work surface. What more could you want?

PREMIUM DRAWER ACCESSORIES

ABOVE LEFT: Prado 150 with an Easy Access Combo-1 with a fridge and slide fitted.

Optional extra Infill Panel

ABOVE RIGHT: The same setup with the fridge removed and the optional Infill Panel fitted giving a nice flat floor.

Infill Panel - Easy Access Combo-1

Infill panels are available to suit all Easy Access Combo-1 drawer systems to create a flat floor when the fridge is removed. Simply remove the fridge from your slide and drop in the Infill Panel.

The fridge slide can be left in place and used as a temporary drawer if fitted with slim plastic tubs.

Infill Panels are finished in the same UV stable carpet used on our drawer systems.

NOTE: Please specify the width of your fridge slide space when enquiring. Call our office today. Be aware these are built to order and may take a few days to complete and ship.

EAC-IFP-1300mm	RRP \$224.00
EAC-IFP-1400mm	RRP \$224.00

Slimline Drawer

The SLIMLINE PANTRY DRAWER is constructed from 2mm aluminium alloy and uses quality 100% full extension 30kg rated runners.

It can be used as a stand alone drawer which is easily mounted to any flat surface. The smooth drawer slide action is complimented by the clip lock latch to keep the drawer from sliding out during travel.

Slimline drawers are finished in tough, easy to clean marine grade carpet inside and out. They have a flush mount finger-pull handle.

Available in 4 lengths -

L700mm

PA-S-1 L700 x W500 x H100mm

Slimline Drawer Lid - RRP \$77.00 ea.

PREMIUM DRAWER ACCESSORIES

Travel Slide Drawer

An innovative design for your fridge access.

Featuring a Slimline Drawer with Inbuilt Fridge Slide, this combo extends out, locks out, and provides a fantastic bit of extra work or prep space. The Inbuilt Fridge Slide accommodates a large range of different fridges, and slides out at full length, allowing easy access out the back of your vehicle. Four strong recessed tie-down points are included to ensure your fridge is secured safely during travel. The strong steel runners can handle a weight load of up to 225KG! The Slimline Drawer is perfect for storing smaller items such as tools for the tradies, or plates, bowls and cutlery if being used for cooking needs. Coming with a Travel Slide Drawer Lid, it turns into a flat bench top. For the ultimate way to maximise your workspace an RV Storage Solutions Extension Table can be added on, giving almost a whopping 2 meters of bench space! It can be installed as a standalone module or included as a part of our most popular product, The Easy Access Combo.

ABOVE: A Travel Slide Drawer shown fitted into an RV Easy Access Combo 1 with Cargo Shelf. Easy Access Combo 1 & Cargo Shelf not included, pricing is available in our price guide for each vehicle.

NEW DESIGN

Cargo Slide

For heavy duty loads.

No more climbing in the back of your vehicle to get your equipment! Available in 2 widths - 970mm and 1020mm, both at 1400mm long, the NEW RV Cargo Slide has been redesigned from the ground-up and is made from our Premium Steel for the ultimate in toughness. The slides and runners can carry a weight of up to 250KG at full extension. Tie down points are provided on the back and side rails as well as four spring loaded loops, one in each corner. The carpeted top means your cargo will stay safe from scuffing, and is a great match with the premium black powdercoated trim, it looks great in all vehicle colours!

RIGHT: A Next Gen Ranger fitted with an RV Cargo Slide holding 10 bags of cement!

Cargo Slide - RRP \$1599.00 ea.

RV-CSL-1497: 1400Lx970W / RV-CSL-1412: 1400Lx1020W

HEAVY DUTY SLIDES

Tilt Slide Combo

Exclusive to RV Storage Solutions, the Tilt Slide Combo is the fridge access system everyone has been looking for. It is a complete slide and vented barrier all in one product!

Featuring full aluminium construction, this gas strut assisted slide gently and safely tilts your fridge to an angle that makes accessing the contents easy. When completely tilted, the mechanism locks into place. It cannot descend on its own, making it safe for all ages to use.

Raising the fridge is effortless also. The weight of the fridge is counter balanced by the gas struts. Simply flick the locking lever and begin lifting the slide. It will float upwards, then slide back. With interchangeable gas strut dynamics to match your load, life just gets easier.

The built in Cargo Shelf means no more hassles with gear falling behind your fridge when the slide is extended. Cargo can be stacked on both sides and on top of the fridge, while the vent holes punched side panels allow for plenty of ventilation.

This Combo is compact, light and great value! One purchase does it all and its only 25kgs in total weight!! Great news for helping with your GVM. Best of all, they are made in Australia by the Oliver family so you know they're good.

- All aluminium construction
- 250kg rated slide runners
- Gas strut assisted
- Tough ripple finish powder coating
- Sizes to suit Engel 40 litre, Engel 60 litre and larger Waeco fridges.

Inbuilt Fridge Slide

Flush mounted with smooth action, our custom inbuilt fridge slide is hard to beat.

Most fridges on the market fit on this slide with weight not an issue as its rated to carry 100kg.

The best thing about our inbuilt slide is that when your fridge is removed from the vehicle, you have a nice flat floor which is great when you need to carry other cargo.

With spring loaded flush mount stainless steel tie downs and a set of RV fridge restraint straps, you're on the road and travelling safely.

An alloy L1000mm Inbuilt Slide weighs only 6kg - great for your GVM!

RV's Heavy Duty Inbuilt Slide is load rated to 100kg.

RV-IBFS 800/900mm RRP \$413.00

RV-IBFS 1000mm RRP \$448.00

RV-IBFS 1300mm RRP \$472.00

Available for Twin Drawer systems only to suit L800mm, L900mm, L1000mm and L1300mm lengths.

NOTE: Please specify which side of the vehicle the slide is to be on - the Passenger side or Drivers side, to suit your requirements. The heavy duty inbuilt fridge slide is a popular choice.

HEAVY DUTY SLIDES

Heavy Duty Fridge Slides

Our PREMIUM heavy duty slides feature our unique Travel Lock, making them the toughest in the business.

The Travel Lock mechanism prevents any slide movement during rough travel which can cause damage to the slide runner's built in lock-in/lock-out mechanism. This makes our fridge slides virtually bullet proof.

Rated at a high 250kg capacity of evenly distributed weight, they offer full extension, suiting a variety of uses.

These high quality heavy duty units come with a full 1 year warranty.

INSET: Our exclusive Travel Lock prevents slide movement.

ABOVE: The RV-FS-3.5 fridge slide gets those BIG Waeco CFX fridges out where they are easy to access.

FRIDGE ENCLOSURES

Fridge Slide Enclosures

Exclusively designed to fit to RV Storage Solutions Heavy Duty Fridge Slides, the NEW alloy Fridge Enclosure range provides the protection and ventilation that your fridge demands!

Keep your fridge stored away safely and conveniently with our brand new RV Storage Solutions Alloy Fridge Enclosure range! Available to suit a huge variety of fridges and can be retro fitted to an existing RV Heavy Duty Fridge Slide if desired. Our enclosures are engineered for maximum airflow through the vented side and rear panels to ensure your fridge motor can operate optimally. The unique design allows you to stack all of your gear around your fridge for maximum space savings, and includes a top shelf with multiple tie down points for secure storage and transport of your cargo. The top side rails can be removed with ease to stack longer cargo across if required. Paired up with an RV Storage Solutions Heavy Duty Fridge Slide and tie down straps, access to your fridge has never been easier! Featuring full aluminium construction, our Fridge Enclosures will add minimal weight to your setup, helping you to keep your GVM and GCM as low as possible. The top Cargo Shelf means no more hassles with gear falling behind your fridge when the slide is extended.

- All aluminium construction
- Vented side and back panels
- Retro fittable to existing RV Slides

Suits RV Fridge Slide 2.5

ABOVE:

RV Storage Solutions Alloy Fridge Enclosures exclusively designed to fit our RV Heavy Duty Fridge Slides. (Fridge Slide and Straps not included.)

Bushman Enclosures

Introducing RV's Alloy Fridge Enclosure built to suit the popular 130 litre and 85 litre Bushman Upright Fridges.

This superbly designed aluminum enclosure has optimum side and top slot ventilation and features a top-shelf with side tie-down retention panels making your stored gear safely restrained and easy to access.

Pre-punched for cable access and Anderson plug connector mounts, this enclosure is powder-coated in a resilient onyx pearl ripple finish which looks fantastic!!

The Bushman Fridge Enclosures can be fitted onto any flat surface such as the back of a tray back or with the Easy Access Combo in any vehicle. Fridge protection made easy.

85ltr Bushman Fridge Enclosure RRP \$649.00

130ltr Bushman Fridge Enclosure RRP \$709.00

ABOVE: The all-alloy Fridge Enclosure shown is mounted over a Bushman 85 litre fridge which has been fitted to our Slimline Drawer. This is an ideal setup to fit into an Easy Access Combo-1 drawer system, shown here.

CARGO BARRIERS & ADDONS

Forward Twin Floor

The Forward Twin Floor is an extremely versatile storage option for a couple on the move.

The ADR rated Forward Twin Floor storage system has been designed for maximum safe vehicle storage.

The rear passenger seats are removed and a rigid galvanised steel frame is bolted to the floor and to the RV drawer system, adding a weight of approximately 45kg.

Carpeted marine ply floors are installed creating a vast storage area top and bottom. A forward rated RV Half Cargo Barrier can be installed (recommended) in addition to the rear half barrier giving maximum occupant protection.

This system has been vigorously tested by our automotive engineers and road tested by RV in harsh outback conditions. It will stand up anywhere you want to take it and proved an absolute godsend living out of the vehicle for a month or more. If you intend to do long stints in the bush with your vehicle this system is for you. If only the bottom floor is installed, larger fridges can be mounted straight to the floor for side door access.

Forward Half Cargo Barrier

Part No: RV-HCB-FWD

RRP \$685.00

Forward Twin Floor

Part No: RV-FTF

RRP \$886.00

Available for: 100, 200 & 300 Series Landcruiser, 76 Series Landcruiser, 150 Prado and GU Patrol

Cargo Barrier

For superior safety and maximum storage inside your vehicle.

RV Storage Solutions design and manufacture ADR Rated half barriers to suit most vehicles.

The RV Storage Solutions half barriers are designed to be installed with RV Storage Solutions drawer systems only.

The barrier has been put through extensive crash testing (AS/NZS 4034.2:2008) and is rated to 60kgs for any single mass. It is also airbag deployment compliant.

In most cases, the barrier requires no drilling into the vehicle making installation a breeze.

LEFT: A 200 Series Landcruiser fitted with an RV Half Cargo Barrier.

NOTE: RV Half Cargo Barriers can ONLY be fitted to a set of RV drawers. Due to ADR Compliance we cannot sell them to be fitted to 3rd party drawer systems.

Top Shelf / Dividing Barrier Combo

Maximise space usage with the RV Storage Solutions Top Shelf and Dividing Barrier Combo. They create useful storage space for light items such as sleeping bags, bedding, clothes etc. Cumbersome goods that are always in the way. The Top Shelf & Dividing Barrier Combo has been crash tested and comes rated to ADR standards to carry 30kgs.

NOTE: The Top Shelf and/or Dividing Barrier Combo can only be installed to vehicles fitted with an RV drawers and Half Cargo Barrier.

RIGHT:

A Top Shelf and Dividing Barrier Combo.

The Top Shelf can be installed by itself and is rated for a 10kg load.
